

**NATURAL BUYS**

Almond Breeze delicately sweetened with evaporated cane juice (a less processed form of sugar that retains more of sugar cane's nutritional value) is a super-creamy and refreshing nondairy treat.

You don't have to be lactose intolerant to enjoy Almond Breeze, but if you are, you're in for an extra-special treat. The creamy smooth texture and hint-of-almond taste make this nondairy beverage a stand out at standing in for milk. With half the calories of milk, Almond Breeze is big on taste, light on calories.
